ALUMINUM BATTEN SYSTEMS

Elegant Modern and Aesthetics

GoldBatten wood-effect aluminum batten systems are the perfect choice for creating extraordinary and contemporary designs.

With their authentic wood appearance, refined lines that harmonize with modern architecture, and the enduring strength of aluminum, they preserve their beauty and value for years to come.

Resistant to rust, rot, and decay, ***GoldBatten*** requires no maintenance, offering lasting comfort and effortless practicality.

Thanks to its easy installation and wide selection of colors and textures, it is ideal for everything from façade cladding to interior decoration.

Its flexible structure grants architects and designers complete freedom of expression, allowing the creation of distinctive combinations that make every project unique.

AluGarden Outdoor Systems®

GOLDBATTEN
ALUMINUM BATTEN SYSTEMS

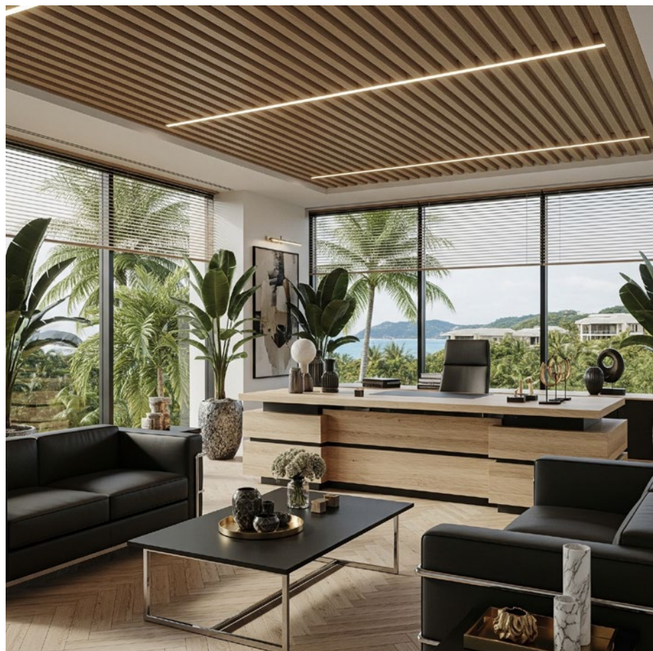

The Signature Of Unique Designs

For architects, designers, and property owners seeking refined and original solutions for both interior and exterior applications, we proudly present ***GoldBatten*** where recyclable aluminum meets the timeless beauty of natural wood.

Engineered to resist rust, decay, and harmful UV rays, ***GoldBatten*** elevates every surface it adorns, turning each project into a distinctive architectural statement.

With its maintenance-free structure requiring no painting or varnishing, and its proven durability against moisture and harsh weather conditions, ***GoldBatten*** is the ultimate choice for those who value elegance, performance, and ease of installation.

Long-lasting Protection

AAMA 2604 Super Durable Sublamation Base Coatings

GoldBatten is coated with a unique AAMA 2604 (Class 2) electrostatic primer at the Alcas Surface Treatment Facility, our in-house, state-of-the-art painting line.

This premium primer is applied using premium Akzo Nobel and Jotun coatings, fully compliant with Qualicoat standards, providing a flawless base for the wood profiles.

Backed by a 10-year warranty, the coating ensures enduring protection against sunlight, rain, snow, and wind, keeping your batten looking beautiful for years.

Wood Grain Effect Color Chart

PLEASE NOTE: Do not use the color representations on your monitor or any print out for final selection. Actual color and texture selection should be made from a sample produced by the applicator using the same tools, techniques and materials proposed for the actual project.

Wood Grain Effect Colors

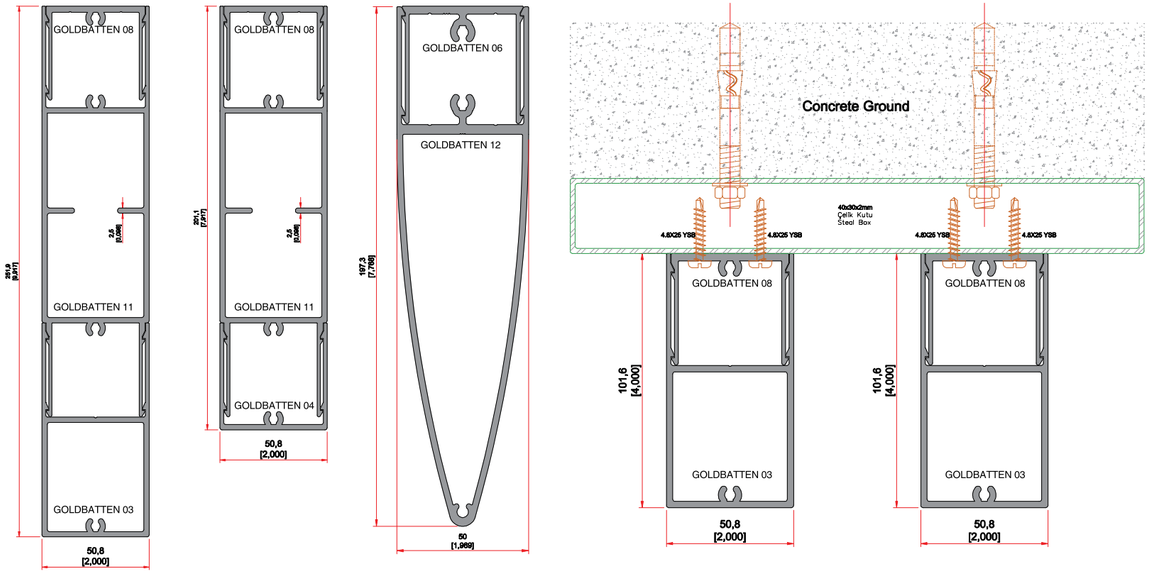

GoldBatten profiles are finished with a high-quality wood-effect film applied over the durable AAMA 2604 (Class 2) base coating at our in-house Alcas Surface Treatment Facility.

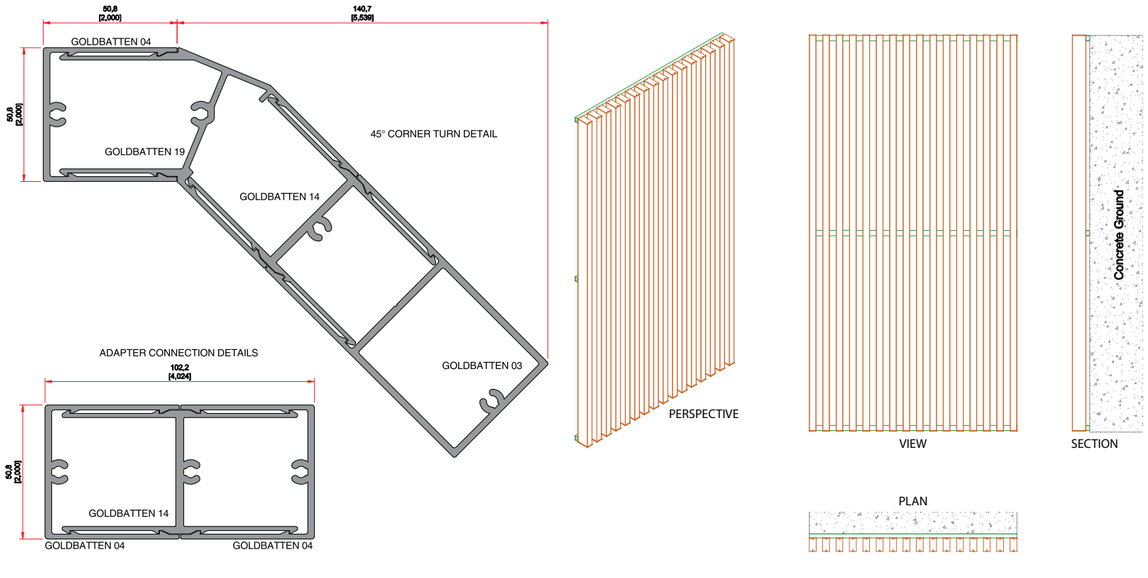

Using premium Italian-made film rolls engineered to withstand all climate conditions, this process ensures lasting beauty and durability, backed by a 10-year warranty.

GOLDBATTEN

ALUMINUM BATTEN SYSTEMS

Fast and Easy Assembly

GoldBatten combines the warm, natural look of wood with the long-lasting durability of aluminum. Its modern design adds style and security to any garden, while the maintenance-free structure preserves its beauty for years.

Thanks to its modular design, installation is quick and effortless, no extra labor or special tools required. Standard 222.44" (5650 mm) profiles and compatible accessories can be easily cut and assembled to fit your measurements, saving both time and cost.

With a wide range of color options, ***GoldBatten*** adapts seamlessly to any landscape or architectural concept. Its rust-proof, rot-proof, and UV-resistant structure ensures reliable protection and lasting performance.
