MANUAL SLIDING SHUTTER SYSTEMS

A Movable Shield Against The Sun

The ***GoldLouver*** manual movable shutter system is designed for the ***AluGarden*** family of products.

It combines the natural elegance of wood with the enduring strength of aluminum, allowing you to enjoy comfort without compromise. ***GoldLouver*** minimizes the effects of sun and weather, serving as a stylish architectural feature when desired and a protective shield when needed.

Perfect for doors, windows, conservatories, and pergolas, ***GoldLouver*** offers both beauty and functionality in any space.

GOLDLOUVER
MANUAL SLIDING SHUTTER SYSTEMS

Open for Fresh Air Close for Shade

GoldLouver provides elegant, flexible control over your living spaces. Adjust comfort and privacy by sliding the system along its rail or rotating the louvers on their axis.

Available in fixed or movable versions, the sliding model lets you effortlessly transform your space into an open-air area whenever you wish.

Its aluminum profiles feature a premium wood-effect finish, maintaining a realistic wood look for years without rotting, fading, or requiring maintenance.

With ***GoldLouver***, the choice is always yours.

Open to let in air and light, or close to block sun and wind while preserving style and elegance.

Long-lasting Protection

AAMA 2604 Super Durable Sublamation Base Coatings

GoldLouver is coated with a unique AAMA 2604 (Class 2) electrostatic primer at the Alcas Surface Treatment Facility, our in-house, state-of-the-art painting line.

This premium primer is applied using premium Akzo Nobel and Jotun coatings, fully compliant with Qualicoat standards, providing a flawless base for the wood profiles.

Backed by a 10-year warranty, the coating ensures enduring protection against sunlight, rain, snow, and wind, keeping your louver looking beautiful for years.

Wood Grain Effect Color Chart

PLEASE NOTE: Do not use the color representations on your monitor or any print out for final selection. Actual color and texture selection should be made from a sample produced by the applicator using the same tools, techniques and materials proposed for the actual project.

Wood Grain Effect Colors

GoldLouver profiles are finished with a high-quality wood-effect film applied over the durable AAMA 2604 (Class 2) base coating at our in-house Alcas Surface Treatment Facility.

Using premium Italian-made film rolls engineered to withstand all climate conditions, this process ensures lasting beauty and durability, backed by a 10-year warranty.
